77 South High Street, 30th Floor
Columbus, Ohio 43215

Dear Governor Kasich:

We are pleased to provide you with the Annual Report of the Ohio State Dental Board (Board). This report summarizes the Board's licensing, enforcement and financial activities for fiscal year 2014.

The mission of the Ohio State Dental Board, as set forth by the Ohio Revised Code, is to protect the public through licensure, regulation and enforcement. We as state Board members have concerns for the welfare of the citizens of Ohio, who are our patients. We practice under the same rules and regulations that govern all licensees.

FY 2014 has been a year of continued transformation for the Board. The retirements of two administrative staff caused additional responsibilities to be spread among existing staff for a period of time. Five (5) new Board members were appointed in FY 2013, and the staff and fellow members have been working to assimilate them to the Board's duties and responsibilities.

The Board has a new investigative software program that is slowly being implemented. This system, called Matrix, also utilized by the State Board of Pharmacy, will provide greater security and efficiency, and allow the enforcement staff to communicate more effectively.

Our Executive Director Lili Reitz continues to serve and represent the Board at your request as a member on your Cabinet Opiate Action Team. She has delivered several presentations and training sessions throughout FY2014 to groups on prescription drug abuse and the use of the Ohio Automated Rx Reporting Service (OARRS). Ms. Reitz has worked diligently, in concert with Ohio's other prescriber boards, to ensure that our practitioners and prescribers are being educated, and receiving consistent information regarding the use of OARRS and the proper prescribing of controlled substances.

Director Reitz has also worked with Department of Veterans Services and the Governor's Office of Workforce Transformation to further your mission of ensuring that all Ohio Veterans and their families have a fair opportunity to create a life of success and fulfillment upon their return to civilian life. Rules have been drafted to streamline the application process for all veterans and members of their families, and our office is committed to providing whatever assistance necessary to make these transitions smooth and efficient.

The Board takes great pride in its work to protect the citizens of Ohio and promote the integrity of the profession of dentistry. We are constantly moving forward and anticipate another exciting and complex year ahead.

Respectfully submitted,

THE OHIO STATE DENTAL BOARD

GREGORY A. MCDONALD, DDS
