Motion carried unanimously.

ENFORCEMENT REPORT

PERSONAL APPEARANCE(S)

STEPHEN P. GILMORE, D.D.S.

Ms. Noble introduced Stephen P. Gilmore, D.D.S. and stated that Dr. Gilmore was appearing before the Board for his second interview for this most recent Consent Agreement. She stated that Dr. Gilmore had continued to be in compliance since the April Board meeting. However, she stated, he is still requesting that his monitoring and random urine screens be provided by Prospect House. Ms. Noble informed the members that she had contacted Prospect House in regards to Board members' concerns and they indicated that they can request the lab to test for ETG (72 hour alcohol test) if Dr. Gilmore has his screens completed there. Ms. Noble commented that Dr. Gilmore would like to have the testing performed there for financial reasons. She then stated that she has reservations about allowing this, however, the Board would still be able to monitor the screens. Ms. Noble stated that if the screenings appear questionable for any reason, the Board can then require that Dr. Gilmore go to Ohio Physicians Health Program (OPHP) to have the screens done.

Concluding, Ms. Noble stated that should the Board consider reinstatement of Dr. Gilmore's license at this time, it is her opinion that a maximum of 20 hours per week of active practice is in his best interest. She stated that this may be his last chance to get and keep his license and indicated that the Board should monitor Dr. Gilmore closely.

Upon questioning by the Board, Dr. Gilmore explained that he is still living at Prospect House, attending Alcoholics Anonymous (AA) meetings every day, and working with his sponsor. He stated that there have been no real issues to date as he continues in his recovery. Dr. Gilmore informed the members that he also participates in a morning meeting called the "Feelings Group" and a caduceus meeting on Sunday mornings. When asked how many hours per day Dr. Gilmore spent attending meetings, Dr. Gilmore could not speculate and only stated that his recovery is the center of his life right now.

Dr. Gilmore informed the members that he had last practiced in April, 2010 and that he had not yet completed the required forty (40) hours of continuing education for the current biennium. However, it was determined through discussion that Dr. Gilmore will have until December, 2011 to complete the continuing education requirement.

When questioned as to whether Dr. Gilmore has had any more urges to consume and if so, what has he done to combat those urges, Dr. Gilmore stated that he really has not had any such cravings or urges in recent memory. He stated that he has had some general situations occur which would cause anger or resentment, he has utilized his knowledge of the AA steps, called his sponsor to help him identify the issues and come to a resolution to the problem.

Ms. Reitz informed the Board that we have recently become aware that there have been billings to an insurance company in Dr. Gilmore's name. She asked Dr. Gilmore to explain, since his consent agreement specifically states that during his suspension he cannot receive income from his practice. Dr. Gilmore stated that he had just become aware of this matter earlier that morning, that this issue was new to him in that he had not received notification from the insurance companies prior to becoming aware this morning. He stated that he had contacted his office manager, who in turn,

forwarded a statement to Ms. Noble indicating that he is now incorporated, whereas before his business was just under his name and that apparently the tax identification number had not been changed in the computer.

Further questioning revealed that while Dr. Gilmore was not actively practicing dentistry, his corporation, which includes an office manager, a dental hygienist, and another supervising dentist, were working in Dr. Gilmore's office and billing under the supervising dentist. Ms. Noble explained to the Board that Dr. Gilmore's most recent consent agreement with the Board from May, 2011, precluded Dr. Gilmore from deriving any income from his practice. She stated that Dr. Gilmore and his attorney found a loophole in the consent agreement by creating a corporation to keep the practice open and therefore, Dr. Gilmore was not himself keeping the practice open.

When asked if the practice remained open, Dr. Gilmore explained that he has a dental hygienist practicing one (1) day per week under the supervision of a licensed dentist and within the guidelines of the Dental Practice Act. He stated that the billing is done through the corporation under the supervising dentist's name. Dr. Gilmore stated that in his defense he had checked with everyone in this regard to follow the Board's laws in regards to continuing his practice.

When asked whether Dr. Gilmore has been deriving income from the corporation for dentistry which was being performed in his dental office, Dr. Gilmore would only state that he assumed that the dentistry was being billed under the corporation but in the supervising dentists' name. He stated that obviously his sole purpose for creating the corporation was to be able to keep the office open until he was granted privileges to return to active dental practice.

Dr. Kaye tabled the interview with Dr. Gilmore, and the Board continued with the rest of the Personal Appearances.

MICHAEL J. VAPORIS, D.D.S.

Ms. Noble introduced Michael J. Vaporis, D.D.S. and reminded the Board that Dr. Vaporis is appearing before them for his second interview after signing his consent agreement in September, 2008. She stated that Dr. Vaporis continues to work on his disease and his sobriety. Ms. Noble informed the members that he has been in compliance since their last meeting, April, 2011, and continues to live in support living while working on his disease. Ms. Noble reminded the Board members that Dr. Vaporis has not worked since 2008 and is busy working on his continuing education (CE) so that he can get the required forty (40) hours. She stated that should the Board choose to reinstate Dr. Vaporis' license at this time, she would recommend that they limit his practice to twenty (20) hours per week, due to his not having actively practiced since 2008 coupled with him not having yet completed the required forty (40) hours of CE. Ms. Noble stated that in her opinion, Dr. Vaporis needs to transition back into the practice of dentistry while keeping his disease under control. Additionally, she stated that Dr. Vaporis would need to complete 40 CE hours for the previous biennium prior to being able to reinstate his license.

Upon questioning by the Board, Dr. Vaporis stated that a lot of good things have been happening for him. He stated he has been working the program, moving into a sober house the next week, volunteering at the Red Cross to teach CPR and Emergency Medicine courses, and going to meetings every night. He stated that he has thought about his future and that while he has considered returning to dentistry he feels that he would really like to teach dental assisting or dental

hygiene. Dr. Vaporis stated that he feels that he will continue to live in the sober housing until August or maybe longer if a few of the others would like to stay also. He stated that there is no specific deadline on when he has to leave the sober housing and feels that this is best for him right now.

When asked about how Dr. Vaporis feels about returning to work, he stated that he would feel most comfortable starting out slowly and that would allow him to continue to read up and get caught up on his continuing education.

Motion by Dr. Desai, second by Mr. Lawrence, to reinstate the license of Michael J. Vaporis, D.D.S., to practice dentistry in the state of Ohio, limited to no more than twenty (20) hours per week, and pursuant to the terms of his consent agreement with the Board.

Motion carried. Dr. Beard abstained.

STEPHEN M. WOJDYLA, D.D.S.

Ms. Noble introduced Stephen Wojdyla, D.D.S. who was appearing before the Board members to request an increase in his work hours, as he is only approved to work twenty (20) hours per week at this time. She stated that Dr. Wojdyla is working in a private office two (2) days per week and also the dental clinic at the Northeast Ohio Neighborhood Health Services, Inc. (NEON). Ms. Noble indicated that Dr. Wojdyla remains in compliance with his Consent Agreement.

Dr. Wojdyla informed the Board members that he never thought he would miss practicing dentistry, however, he is now very excited to be working again. He stated that he is not stressed about working, that his employers understand his situation, and they have kept his hours down to the maximum of twenty (20) allowed by the Board. Dr. Wojdyla stated it has been a smooth transition back into practice and that he has found a life balance between working and his attendance to meetings. He explained to the members that he would like to gradually get back to practicing full time and stated that he would like to work up to thirty (30) hours now and increase it to up to forty (40) by the end of June.

Motion by Ms. Staley, second by Dr. Wallace, to increase the number of practice hours for Stephen M. Wojdyla, D.D.S., limited to no more than thirty (30) hours per week, and pursuant to the terms of his consent agreement with the Board.

Dr. Kaye explained to Dr. Wojdyla that the Board would like to see him back at the June 29, 2011 Board meeting to consider an increase in his practice hours at that time.

Motion carried unanimously.

EXECUTIVE SESSION

Motion by Dr. Wallace, second by Ms. Staley, to move the Board into executive session pursuant to Ohio Revised Code Section 121.22(G)(1) to discuss issues in the matter of Dr. Stephen P. Gilmore, D.D.S.

Roll call vote: Dr. Beard – Yes
Ms. Clark – Yes
Dr. Desai – Yes
Dr. Hanners – Yes
Mr. Jones – Yes
Dr. Kaye – Yes
Mr. Lawrence – Yes
Dr. Leffler – Yes
Dr. Shaffer – Yes
Ms. Staley – Yes
Dr. Wallace - Yes
Dr. Wynn – Yes

Motion carried unanimously.

Dr. Kaye invited Ms. Reitz, Ms. Bockbrader, Ms. Noble, and Dr. Wenzel to attend the executive session.

The Board returned to open session at 2:06 p.m.

STEPHEN P. GILMORE, D.D.S. (CONTINUED)

Dr. Kaye invited Dr. Gilmore to return to step forward. He then stated that in light of some of the conversations from earlier in the meeting, the Board has some concerns as to what was said and is requesting clarification. He stated that the Board will be outlining their concerns in writing and will be inviting Dr. Gilmore back for a subsequent interview at the June 29, 2011 meeting.

Dr. Gilmore stated that he might come back, however, at this point he would have to declare bankruptcy, lose his home and everything else due to this being thrown on him at the last minute. He stated that he felt that this decision was punitive and not rehabilitative at all. Dr. Gilmore said that the Board is here to protect the public and he does not see where he has failed in that respect. He stated that he has done everything the Board has requested of him in being compliant with his consent agreement. Dr. Gilmore stated that he felt the Board's decision is unfair and a "copout" when the current consent agreement was agreed upon between his attorney and the board's attorney.

REVIEW OF MOTION(S)

Ms. Reitz explained that since the last Board meeting the Board executive office has received information that one of the Notices of Opportunity for Hearing (Notice) approved by the Board was issued in error. Ms. Reitz then informed the members that this was the final meeting for the Board's dental hygiene practicum students, Laurie Condit and Whitney Martindale. She stated that the students would be presenting their practicum presentations the following Thursday and she would be attending those presentations. Ms. Reitz commented that both students had done an awesome job in assisting the office staff during the practicum and in turn she hoped that they had a great experience, especially going out to dental offices with the investigators for infection control evaluations. Ms. Reitz stated that this was the first time that the practicum students had what they call a "critical incident" on which to report. She stated that the Board executive office had an irate/upset complainant come into the Board office, which necessitated a call to Building Security, but was ultimately handled by Enforcement Supervisor, Mr. Holmes.

Continuing on, Ms. Reitz stated that she, along with Mr. Holmes, had met with Dr. Mark Wenzel and other representatives from the Ohio Dental Association's (ODA) Dentist Concerned for Dentists (DCD) program. She stated that it was a good opportunity for Mr. Holmes to meet with several individuals that really dedicate a lot of time to helping those who need assistance in this regard. Ms. Reitz informed the Board members that the Ohio Physicians Health Program (OPHP) has a new Medical Director, David Goldberg, D.O., however she has not yet had the opportunity to meet him.

Ms. Reitz stated that the executive office would be holding its first staff meeting since Mr. Holmes came on board. She stated that all the investigators and office staff will be attending. She stated that she had attended a mandatory meeting for agency directors on "Managing the Change" that is coming. She stated that the meeting was theoretical and concentrated on how to motivate employees to be prepared for the change that is coming. She stated that once they are informed of what the changes entail, they will be prepared to motivate employees to accept the changes.

Ms. Reitz informed the members that on June 3, 2011 she would be presenting a speech to The Ohio State University dental students in the morning. She stated that in the afternoon of the same day, she and Mr. Holmes would be attending the annual Dental Summit Meeting that will be held at the ODA executive office.

Concluding, Ms. Reitz stated that she had received a question regarding ethics training for Board members. She stated that under Governor Strickland, Board members were required to attend mandatory ethics training once every two (2) years. Ms. Reitz informed the members that under Governor Kasich's administration they would now be required to attend the training once a year. However, she stated she is now permitted to provide the ethics training for them.

ANYTHING FOR THE GOOD OF THE BOARD

DENTAL OFFICE DOCUMENTATION

Dr. Wynn informed the Board that she is requesting that they consider posting a permissible practices documentation for dental assistants on the Boards website. She stated that what she is interested in providing is information that dental offices can have so they know what documentation

they need to have available for Dental Board investigators during an inspection. Dr. Wynn stated that this information might be provided as several different news bites in one particular area on the website. She stated that the new forms recently created for the dental hygienists and dental assistants are a good start in order to assist the dentist in being more aware of specific requirements for the Dental Board.

POLICY ON NITROUS OXIDE-OXYGEN (N2O-O2) MINIMAL SEDATION MONITORING

Dr. Wallace distributed a draft amended copy of the Policy Regarding the Monitoring of Nitrous Oxide-Oxygen (N2O-O2) Minimal Sedation by Qualified Dental Assistants and Dental Hygienists. He requested that the Board members review the policy and forward any comments/recommendations to him prior to the next meeting.

Dr. Kaye explained that the Board is delinquent in assigning members to the Boards' committees due to lack of Board member appointments at this time. He stated that the assignments will be made once the appointments to the Board are completed.
