Personal Appearance(s)

Mark D. Jones, D.D.S.

Ms. Noble informed the Board members that Mark D. Jones, D.D.S. was appearing before the Board for his second interview. She stated that Dr. Jones appeared at the May, 2012 meeting for his initial meeting. He has been attending all his required meetings, all urine screens have been negative, and he has been attending his aftercare since Monday and since the last meeting he has been in compliance.

Dr. Jones is attending all required meetings and all urine screens (with OPHP) have been negative. He attends Aftercare at Glenbeigh and continues to be in compliance with his consent.

Upon questioning by the Board, Dr. Jones thanked the Board for this opportunity to appear again. He stated that since March 13th he has been out of his office and working on establishing a solid foundation for his recovery. He informed the Board that he has been busy rebuilding relationships with his family and friends and learning how to deal with and take care of some of the other issues regarding his special needs children. Dr. Jones stated that on the professional side, he has established a solid group of professionals around for support; his sponsor and other professionals that are in recovery and who have opened up their lives to him. Dr. Jones informed the members

that he has established a good routine of meetings that work with both his professional and personal life and feels that he is ready to go back to the privilege of practicing. He stated that he would prefer to go back to practicing full-time which is 32 hours/week for him.

Continuing on, Dr. Jones stated that this whole experience has given him a better outlook on life especially in regards to his four (4) challenged kids. He stated that it has been an unforeseen blessing that he would never have been able to imagine had he not experienced it.

When asked how he would cope with the added issues of the practice of dentistry, Dr. Jones replied that he already has everything set up essentially, in that he is already going to evening meetings which schedule for are a couple of hours after any work schedule. Additionally, Dr. Jones explained that he and his wife have worked up a nice routine for the children which allows for a better flow for some of the challenges they face on the personal side. He stated that he has surrounded himself with great people and professionals and talks with his sponsor on a daily basis. Dr. Jones concluded by stating that the amount of support he has received has been tremendous.

Dr. Kaye explained to Dr. Jones that the Board would be going to Executive Session to discuss this matter.

Rudyard C. Whipps, D.D.S.

Ms. Noble informed the Board members that Dr. Whipps is appearing before the Board after being reinstated to 30 hours in February, 2012. She stated that the Board asked Dr. Whipps to reappear at this Board meeting just to check in and see how he has been doing in his recovery since permitting him to practice for the additional hours. Ms. Noble stated that Dr. Whipps is now working at a new office and has been able to get credentialed with Medicaid. She commented that he appears to be doing well, has been attending all required meetings, all urine screens have been negative, and all documentation has been received on time since Dr. Whipps hand-delivers them every month.

Upon questioning by the Board, Dr. Whipps stated that he feels things are going well with his work and is grateful to be back to practicing again. He stated that he has good sponsors and that he is doing well in his recovery, aftercare, and caduceus. Dr. Whipps informed the Board that he recently started up a brand new program along with one of his sponsors and feels that it is going well.

When questioned as to how he has been dealing with any challenges that have come up during his practice, Dr. Whipps stated that initially he had some concerns but now that he is working 25 hours/week he does not feel he has any concerns. He stated that additional hours would be nice to have in regards to flexibility, however, he does not know if he would consider additional hours on a regular basis.

When asked if he has encountered any "triggers" and what tools does he use to combat his issues, Dr. Whipps stated that whenever he has uneasy feelings or negative thoughts he talks to his sponsors about them. Dr. Whipps informed the Board that previously he was not "an open book" and that is the one thing that has completely changed for him; he gets rid of his negative emotions immediately.

Scope of Practice Committee Report

Dr. Beard informed the Board members that the Scope of Practice Committee met earlier that day to discuss a couple of issues. He stated that there had been a request as to whether it is within the scope of practice for a dental hygienist to perform the placement of a non-invasive cosmetic product called "B-lashes". Dr. Beard stated that it was the consensus of the committee that this is not within the scope of a dental hygienists practice.

Continuing, Dr. Beard stated that the committee had discussed an inquiry as to whether a general dentist can perform Botox injections outside the dental practice. Dr. Beard informed the members that there is a distinction between performing this procedure in the dental office on a patient of record and performing the same function outside the dental office as a medical procedure. He stated that the dentist must ensure that they adhere to the standard of care within the scope of practice of dentistry, and as such they must inform the patients of their credentials as a general dentist. He stated that Ms. Reitz would be preparing a response to the individual in this regard.

Dr. Kaye recognized Dean Lloyd of The Ohio State University College of Dentistry from the floor. Dean Lloyd informed the Board members that he knew of no accredited dental school or program

that teaches Botox or the use of dermal fillers. He stated that this specific training/curriculum is only taught within the oral and maxillofacial residency programs. Dean Lloyd stated that the general dentist must receive extensive training in dermal fillers in order to achieve the proficiency level of an oral and maxillofacial surgeon.

Dr. Beard made the motion from the Scope of Practice Committee to accept the report and recommendations of the committee.

Executive Director's Report

Opiate Action Team

Ms. Reitz began her report by informing the Board members that the Cabinet Opiate Action Team has been working diligently to complete their white paper recommendations on the issue of professional education which is due in September. She stated that the sub-committee on professional education is meeting the next day and that she had been asked by Bonnie Kantor-Burman, Director of the Department of Aging, to see if a representative from one of Ohio's dental schools would consider participating in this program or share with the sub-committee what is being taught at the dental school level in regards to the prescribing of controlled substances. Ms. Reitz informed the members that the sub-committee already has representatives from the nursing, medical and pharmacy schools. She stated that she had e-mailed Dr. Lloyd with this request and he had replied by submitting the name of someone who will be representing the dental schools on the sub-committee. Ms. Reitz stated that she had forwarded this information to Director Kantor-

Burman and that the Director was extremely pleased that they will now have the dental school's input.

North East Regional Board Meeting

Ms. Reitz stated that she had recently attended the North East Regional Board of Dental Examiners, Inc. (NERB) meeting. She informed the members that she had received two (2) correspondence regarding Consultant Examiner Members. Ms. Reitz stated that the first correspondence was from NERB informing us that NERB is currently not accepting new consultant examiner members. She then indicated that at the end of May she received a second correspondence, which was from Diana C. Lamoreux, R.D.H., indicating that she wished to be considered as a candidate for NERB Consultant Examiner. Ms. Reitz stated that If it was acceptable to the Board, she would inform Ms. Lamoreux that NERB is not currently accepting new Consultant Examiner Members, but that she should submit her application and resume for consideration should they accept new Consultant Examiner Members in the future. She concluded by informing the members that at Dr. Kaye's request, she checked all of the current Ohio Consultant Examiner Members and they are all active.

Presentation to Dental Schools

Ms. Reitz informed the members that as she indicated in May, she gave lectures at The Ohio State University College of Dentistry (OSU) on June 1st to the second year dental students and to Case Western Reserve University College of Dentistry (CWRU) on June 12th to their third-year dental students.

Presentation at Ohio Dental Association Annual Session

Continuing on, Ms. Reitz informed the members that she had recently met with Keith Kerns, Esq., Director of Legal & Legislative Services of the Ohio Dental Association (ODA) to discuss the Dental Office Documentation Manual that will be introduced at the ODA's Annual Session in September and available to licensees at that time. She stated that Mr. Kerns is in charge of preparing some of the additional information such as reporting and keeping logs on controlled substances, that are not covered in the Dental Practice Act but is still information that is required to be kept in the dental office by other entities such as the Ohio Board of Pharmacy and Occupational Health and Safety Administration. Ms. Reitz informed the members that Ms. Franks of the Board office would be putting together most of the documentation required by the Dental Practice Act. Ms. Reitz said that she has begun preparing for the two (2) hour presentation for the Annual Session called: "Awareness: Prescription Drug Abuse, Human Trafficking, and Dental Office Compliance". She pointed out that a recent article in JADA (Journal of the American Dental Association) addressed the issues of human trafficking and what dentists should be looking for in that regard. She stated that she is considering distributing copies of the article as part of her presentation.

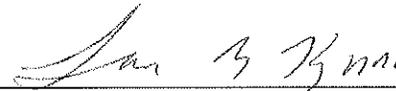

On a related subject, Ms. Reitz stated that Amended Substitute House Bill 262 recently passed and was being signed by the Governor the next day. She stated that Representative Fedor sponsored the bill regarding human trafficking and as a requirement of the legislation, all boards with licensees that in any way could come into contact with human trafficking victims will be required to train or make their licensees aware of how to identify victims of human trafficking.

2014-2015 Budget

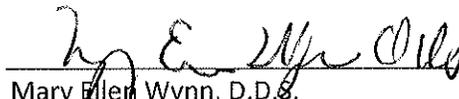

One final note, Ms. Reitz stated, was that she had just received an e-mail the previous day informing her that the Boards 2014-2015 Budget will be due by September 14, 2012. She stated that she would begin working on that project soon.

Adjourn

Dr. Kaye adjourned the meeting at 3:03 p.m. He reminded the Board members that they would be meeting again August 1, 2012.
