Reitz, Esq., Executive Director, Kathy Carson, Damon Green and Barb Yehnert, Dental Board Enforcement Officers, Jayne Smith, Licensing Coordinator, and Malynda Franks, Administrative Professional, of the Ohio State Dental Board.

Call to Order

Dr. Marybeth Shaffer introduced herself as the Board President, a general dentist from Leetonia. After extending greetings to everyone Dr. Shaffer noted that there was a quorum present and called the meeting to order at approximately 1:05 p.m.

Introduction of Board Members

Dr. Shaffer then introduced the rest of the Board members. She introduced Ms. Constance Clark, the Board's Vice President and a dental hygienist from Dublin, Dr. Ashok Das, the Board's Secretary, a general dentist from Mason, Dr. Martin Chambers, the Board's Vice Secretary, a general dentist from Cleveland, Dr. Chris Hanners, a general dentist from Piketon, Dr. William Leffler, a general dentist from

Massillon, Dr. Gregory McDonald, a general dentist from Springboro, Dr. Charles Smith, a general dentist from Tipp City, Ms. Susan Johnston, a dental hygienist from Columbus, and Ms. Ann Aquillo, the Board's Public member from Powell. She stated that Dr. Lawrence Kaye, a periodontist from Akron was not in attendance to the meeting.

Review of Minutes

February 2015

Motion by Dr. Leffler, second by Dr. McDonald, to approve the February 4, 2015 Board meeting minutes as presented.

Motion carried unanimously.

Personal Appearances

Michael Cobb, D.D.S.

Dental Board Enforcement Officer Barb Yehnert introduced Michael Cobb, D.D.S. to the Board. She stated that Dr. Cobb is on probation under a standard impairment agreement until October, 2018 and was appearing before the Board to ask permission to make changes to his caduceus requirements. Ms. Yehnert stated that Dr. Cobb has indicated that although he attends the caduceus meetings, he claims the experience is not as fulfilling as that which he gets from his Alcoholics Anonymous (AA) meetings.

Ms. Yehnert stated that Dr. Cobb has indicated that the 12th Step of AA indicates that "you are to give it away before you lose it" and that by not having the opportunity in caduceus to "pay it forward" he feels that this is a disadvantage to him. She said that Dr. Cobb would like to ask the Board to consider allowing him to either elect to replace the caduceus meeting requirement with an additional AA meeting or to permanently make that change for him for the remainder of time for his impairment consent agreement.

Continuing on, Ms. Yehnert explained that additional information had been distributed, and that the content should not be read in an open meeting as they are statements from other regulatory boards on how they handle caduceus. She stated that this information is to assist them in making an educated determination in this matter.

Dr. Cobb began by thanking the members of the Board for the opportunity they have given him. He stated that it has allowed him the amazing ability to grow as a person and in turn he would like to give back to the community. He indicated that after talking with his sponsors and others who have strong recoveries, they recommend that he has to "give it away to keep it" and in turn he would like to be engaged with the local community and "pay it forward".

Upon questioning by the Board, Dr. Cobb indicated that his sobriety date is June 17, 2013 and that he currently works about 32 hours per week. He stated that his stress level is very low other than when he

attends caduceus meetings. Dr. Cobb explained that he feels there are people that he can help and that when he attends the caduceus meetings it takes him away from those people that he could possibly help.

Dr. Shaffer clarified that what Dr. Cobb was explaining was that he felt that his contemporaries at caduceus are in the same position and therefore, there is less opportunity to give. Dr. Cobb agreed and stated that he felt his best opportunity for continued recovery was to attend AA meetings.

Dr. Shaffer thanked Dr. Cobb and explained that the Board would be discussing this matter in Executive Session and invited him to wait.

Mark D. Jones, D.D.S.

Ms. Yehnert introduced Mark D. Jones, D.D.S. to the members and explained that Dr. Jones entered into a consent agreement in 2012 as a result of a conviction for aggravated trafficking in drugs, which is a third degree felony. She stated that Dr. Jones asked permission to come before the Board to request his impairment consent agreement be modified to allow him to prescribe controlled substances again to his patients. Ms. Yehnert stated that Dr. Jones' current consent agreement reads that "Dr. Jones shall not prescribe or dispense or administer any controlled substances" and that "there shall be no scheduled controlled substances in Dr. Jones' office." Therefore, she stated that he is asking for an addendum to the original consent agreement.

Dr. Jones thanked the Board for allowing him to appear and informed the members that he is very actively involved in his recovery. He stated that in addition to attending meetings, he is a sponsor, chairs meetings, and is involved with fundraising for the local sober house that is in his community.

Ms. Yehnert then commented that she had provided two (2) letters to Ms. Reitz on behalf of Dr. Jones that were sent by fellow caduceus or AA attendees which were a representation of his activities. She indicated that those letters could be shared during their Executive Session deliberations.

Continuing on, Dr. Jones stated that in addition to attending the meetings, part of his recovery is building relationships with the people outside of the meetings. He stated that is where he has found it provides a very strong foundation for his recovery. Dr. Jones stated that he can pick up the phone on a daily basis and interact with people that are in all different levels of recovery which provides a huge help in his recovery, as well as for them.

Dr. Jones informed the Board that he was before them to ask for an amendment to his consent agreement that allows him to prescribe controlled substances. He indicated that he has already signed up for the Ohio Automated Rx Reporting System (OARRS). Dr. Jones explained that he is a general dentist who does many extractions and performs a lot of endodontics. He stated that up until this point he has been able to rely upon the patients' primary care physician to be able to help when pain management is in excess of what he is able to prescribe to them. However, he said that due to the changes in the rescheduling of Vicodin, this has become more challenging as patients need to be able to make appointments with their physicians to have the drug prescribed. He commented this makes it very inconvenient for the patient, incurs extra expense for them, and also delays the ability for them to have

pain management. Dr. Jones further explained that this is not an everyday occurrence and he cannot always plan when a person is going to require additional pain medications and therefore, it is difficult to plan ahead of time.

Upon questioning by the Board, Dr. Jones stated that he is a solo practitioner working 32 hours per week right now. He informed the members that his sobriety date is February 26, 2012 but that the legal matters were not completed until May, 2014.

Dr. Shaffer thanked Dr. Jones and explained that the Board would discuss this matter during the Executive Session.

Executive Session

Motion by Dr. McDonald, second by Ms. Johnston, to move the Board into executive session pursuant to Ohio Revised Code Section 121.22(G)(1) to consider the investigation of charges and complaints involving licensees Michael Cobb, D.D.S. and Mark D. Jones, D.D.S. and pursuant to Ohio Revised Code Section 121.22(G)(1) to consider the employment of a public employee, and pursuant to Ohio Revised Code Section 121.22(G)(3) to confer with counsel on matters that are the subject of pending or imminent court action.

Enforcement Update

Ms. Reitz began the report by informing the Board that there are seven (7) cases pending hearings of which five (5) have been assigned. She indicated that there were currently forty-six (46) licensees and certificate holders under suspension, forty-nine (49) licensees on probation, and informed the Board members that there were two hundred and fifty-two (252) active cases. Ms. Reitz said that there were three (3) licensees actively participating in QUIP and one (1) licensee recently referred to QUIP. She informed the members that there were thirty-seven (37) cases which have been investigated and reviewed by the Board Secretaries and are recommended to be closed with five (5) warning letters issued.

90-day Open Case Report

Ms. Reitz provided the members with a report on open cases over 90 days. She reported that there are seventy-four (74) cases currently over 90 days. She explained that many of these cases are scheduled for review before the Board Secretaries at the next case review and that a few of them were joint investigations with other agencies or were awaiting expert review. Ms. Reitz then provided the members with a breakdown of the cases by investigator.

Closed Cases

Due to the requirement in Chapter 4715.03(B) of the Ohio Revised Code, that "A concurrence of a majority of the members of the board shall be required to... ..(6) Dismiss any complaint filed with the board.", Dr. Shaffer reviewed the cases to be closed with the Board.

Ad Hoc Board Operations Committee Report

EFDA Subcommittee Report – Martin Chambers, D.D.S.

Dr. Chambers began his EFDA Subcommittee Report to the Board by requesting that Ms. Franks transcribe into the minutes of the meeting, the names of the attendees and the entities they represent. The EFDA Subcommittee attendance was as follows:

Martin Chambers, D.D.S., Chair	Ohio State Dental Board
Connie Clark, R.D.H.	Ohio State Dental Board
Chris Hanners, D.D.S.	Ohio State Dental Board
Marybeth Shaffer, D.D.S.	Ohio State Dental Board

Denise Kissell, B.S.D.H., E.F.D.A, M.P.H.	The Ohio State University
Nancy Woodruff, R.D.H.	Stark State College

Dr. Chambers then stated that the complete Board may not be aware of the fact that this matter seemed to be a very heated topic. He said that he would like to point out the fact that since the February EFDA Subcommittee Report was in the approved minutes, the Board had received two (2) letters; the first one dated February 26, 2015 from the Commission on Dental Testing in Ohio. Dr. Chambers informed the Board that as a result of this letter, one Board member, Ms. Johnston, voluntarily resigned from the Subcommittee because “the letter contains text on her integrity and impartiality which are without merit”. Dr. Chambers also pointed out that a second Board member, who felt that the same letter contained libelous information,

was Dr. Shaffer. He stated that Dr. Shaffer in turn had provided information which explained why she felt that the letter contained libelous misinformation concerning her.

Continuing on, Dr. Chambers informed the members that the second letter received by the Board was dated March 6, 2015 from Shelly Feiwell, E.F.D.A. and Director of EFDA education at Case Western Reserve University (CWRU). He stated that, in Ms. Feiwell's letter, she said that she is not opposed to alternatives to the current exam, that her main concerns are about typodonts, and her overall concern is with regards to the reputation of the EFDA profession in the State of Ohio. Dr. Chambers informed the Board that those issues that were brought up in the Subcommittee meeting mainly had to do with the cost to candidates and the purported costs to the educational programs.

Continuing on, Dr. Chambers indicated that Dr. Mark Armstrong from the CDCA was in attendance to the Subcommittee meeting, as well as the Board meeting. He explained that during the Subcommittee meeting they discussed the current exam, an alternate exam, variations in EFDA training programs, the aforementioned costs concerns, the scope of clinical examinations, the advance notice to applicants, and the discussion on both sides of that issue. He stated that everyone in attendance agreed that all parties were given the opportunity to share concerns and comment. He said that they also agreed that the basic purpose of the Subcommittee was to ensure minimum competency for EFDA's and their registration and also to protect the people in the State of Ohio.

Dr. Chambers indicated that due to the issues mentioned previously, there were only four (4) remaining members of the Subcommittee, they voted at the end of the meeting. The majority voted to bring the item to action before the full Board to vote on whether the Ohio State Dental Board would like to offer EFDA candidates another test for State certification. He then indicated that he was open to any questions/comments.

Motion from the EFDA Subcommittee to accept the report and to consider the opportunity for candidates for EFDA to have a second examination process.

Discussion followed wherein Dr. Leffler commented that it was his understanding that in the state of Ohio there are six (6) different avenues in which to become licensed as a dentist and that for dental hygiene there are four (4) different testing agencies, and there are three (3) avenues for CPR registration; The American Red Cross (ARC), The American Heart Association (AHA), and the American Safety and Health Institute (ASHI). He commented that his concern was that he thought the issue before the Subcommittee was whether the Board should consider having a second testing agency only. Further, he stated that he felt the discussions during the Subcommittee meetings got off those two (2) subjects and a little bit too detailed in talking about how preparations were cut, and what kind of typodonts were being used, and how much things cost. Dr. Leffler indicated that he felt that those discussions were inappropriate. He stated that he thought the issue should be whether the Board should have one examination or should they have a second avenue for EFDA's to become qualified to practice in Ohio. He then asked for clarification as to what the directives of the EFDA Subcommittee were and whether there were other issues that were to be addressed.

Dr. Chambers agreed with Dr. Leffler in that the Subcommittee and the Board should stay on point about the issues. However, he stated that all of the other issues that Dr. Leffler mentioned were discussed

because they were brought up by guests during the February Subcommittee meeting and again today. He stated that in being fair to all interested parties and ensuring that all the Subcommittee listened and understood all concerns was what led to all those discussions. Dr. Chambers stated that the Subcommittee wanted to make sure that nobody could walk away and say that their voice was not completely heard at the end of that meeting.

The question was posed as to what tests are available or allowed, what that test would consist of, how many people are being affected, the feasibility of schools offering two (2) tests, and/or where students should take a test.

Dr. Shaffer stated that the Board has the ability to say what we would consider as the bare minimum for a competency test and that might be something they need to get back to, however, a test cannot be developed unless someone knows we are looking at to have another test developed. She stated that the Board does not tell the CDCA what we want on another test only that we are deciding what agency is going to provide that test for us. She said that the Board will have the administrative ability to revisit the test, once developed, to ensure that the content is appropriate in testing for minimum competence for EFDA's.

Dr. Chambers clarified that as the Subcommittee chairman for this meeting only, he was under the understanding that as a group they came to the conclusion that those were ideas that were discussed at the February Subcommittee meeting as a result of concerns by non-Board members and interested parties. He stated that there was no consensus or directive with regards to any of those other issues. Dr. Chambers commented that the fact that information somehow spread throughout the dental community before the Subcommittee and the Board had a chance to vote on these issues was all premature. Therefore, he stated that he would like to just agree on that fact that the Board could strike all those ancillary issues and lay them to rest.

Dr. Shaffer questioned the members as to whether they had enough information that they feel comfortable taking a vote on whether they would accept another testing agency to be at the examination. She stated that it has been moved and seconded by the Subcommittee to accept another agency to provide the EFDA examination. She then called the question.

Motion carried unanimously.

Motion by Dr. Leffler, second by Dr. McDonald, to amend the motion to accept the EFDA exam to be created by the CDCA for testing of competence of EFDA's.

Motion carried unanimously.

Motion by Dr. Leffler, second by Dr. McDonald, to accept the amended motion.

Motion carried unanimously.

Education Committee Report

Ms. Johnston informed the Board members that the Education Committee had met earlier that day and reviewed two (2) Biennial Sponsor applications, and one (1) Biennial Sponsor Renewal application for 2014-

2015. She stated that the applications were recommended for approval as being in compliance with the requirements set forth in the Dental Practice Act and Board guidelines. Ms. Johnston informed the Board that there was one request for waiver of the CPR requirement and that the licensee would be informed that the Board does not have the statutory authority to waive the requirement for renewal of licensure.

Dental Hygiene Examination on the Dental Practice Act

Ms. Johnston stated that the Committee had completed its review of the dental hygiene jurisprudence examination and they were recommending it for approval and posting to the Boards website. She wanted to recognize and thank Ms. Clark for her diligent effort in this project.

Motion from the Education Committee to accept the report and to approve the applications and dental hygiene jurisprudence examination as presented.

Motion carried unanimously.

Law and Rules Review Committee Report

Dr. Leffler informed the Board that the Law and Rules Review Committee met earlier that morning and had begun their review of the rules for this review year. He stated that many of the rules for this year coincide with statutory changes made last year. He indicated that the Committee had reviewed approximately half of the rules on their agenda and would be working on the rest at their next meeting in May. Dr. Leffler informed the members that they would also be discussing the issue of digital impressions at that time.

Motion from Law and Rules Review Committee to accept the report.

Motion carried unanimously.

Supervisory Investigative Panel Report

Dr. Das, as Secretary, attested that he had spent in excess of twenty (20) hours per week attending to Board business. Dr. Chambers, the Board's Vice Secretary, attested that he had spent in excess of twenty (20) hours per week attending to Board business.

Motion by Ms. Aquillo, second by Dr. Shaffer, to approve the Supervisory Investigative Panel report.

Motion carried unanimously.

Office Expense Report

Several Board members indicated that they did not recall having received a copy of the expense report for January 2015 and therefore, had not reviewed the report for vote. The Office Expense Report was tabled until the next Board meeting in May.

Executive Director's Report

Ohio Automated Rx Reporting System (OARRS) Update

Ms. Reitz stated that a few weeks ago she had informed the members via e-mail that the Board office would be sending a mailing to all licensed dentists with information on all the legislation that passed regarding the Ohio Prescription Automated Reporting Service. She stated that it was her understanding that the letter went out on Monday or Tuesday of that week. She stated that it was an additional attempt to try to educate licensees, as the information is on our website but we were still getting a lot of questions. She stated she hopes this will help and that we will continue to provide information as the Opiate Action Committee has their meetings.

Financial Disclosure Statements

Ms. Reitz commented that she would like to remind the Board members about their Financial Disclosure Statements. She said that she has received some of them, but ideally if they could print them and submit them to the Board office we prefer to send them all in together.

Fiscal Budget Hearings 2016-2017

Continuing on, Ms. Reitz informed the members that she was in the first round of budget hearings for Fiscal Year 2016-2017. She informed them that she had testified to the House of Representatives on Feb 19th and that they have not yet scheduled the Senate hearing dates.

Governors Opiate Action Team

Guidelines Subcommittee

Ms. Reitz reminded the Board members that she is now a member of the Governor's Opiate Action Team Guidelines Subcommittee. She indicated that they are continuing to work on the guidelines for prescribing controlled substances for acute pain. She stated that they have an oral surgeon, Dr. Rick Sheetz, who is assisting the Committee at their request and that they are still working on those guidelines.

Enforcement Subcommittee

Ms. Reitz informed the members that the Enforcement Subcommittee met two (2) weeks ago and that in addition to her representing the Ohio State Dental Board, the Committee is made up of representatives from the State Medical Board of Ohio, the Ohio Board of Nursing, the Ohio State Board of Pharmacy, Medicaid, Bureau of Workers Compensation, Ohio State Highway Patrol, and the National Guard Narcotics Unit. She indicated that they talk about recent cases, important issues of concern, and networking information that they can share. She stated that the Subcommittee meets quarterly.

State Medical Board of Ohio Retreat

Ms. Reitz informed the Board that she had been invited to attend a retreat tomorrow at 10:30 a.m. by the State Medical Board of Ohio. She stated that they have an annual retreat and their new Director has asked her along with the directors of the Ohio Board of Nursing and the Ohio State Board of Pharmacy to give a brief overview of their individual boards to their Board members. She stated that they hope to open lines of communication by talking about issues of mutual concern and of ways that we can collaborate. Ms. Reitz informed the members that it would not be uncommon for them that the Secretaries of the Dental Board and Medical Board would meet when we had cases of interest or issues of interest to discuss. She stated that once again they are discussing the possibility of more collaboration between our four (4) boards. She stated that these discussions began again as a result of collaboration with the Governor's Opiate Action Team and this is just another step in that direction.

Supreme Court Decision on FTC vs. North Carolina Board of Dental Examiners

Continuing, Ms. Reitz stated that she had shared with the members an e-mail from Deputy Attorney General Jonathan Fulkerson, Esq., regarding the meeting on the United States Supreme Court's decision on the Federal Trade Commission (FTC) case against the North Carolina Board of Dental Examiners (NC Board). She stated that Mr. Fulkerson has asked her to provide introductory information and an overview based on her perspective in working with the NC Board and the information she had previously shared with the Board members about her interpretation of the Supreme Court decision, and some of the issues that decision could present. She stated that in addition to her interpretation, she has been printing information from the internet along with various assessments and announcements in order to prepare for her presentation.

Ms. Reitz stated that while the NC Board has not issued a statement, the American Association of Dental Boards (AADB) issued a preliminary guidance document which suggests issues that boards need to think about in our enforcement efforts regarding the practice of dentistry, and how we regulate the profession. She stated that these are ongoing discussions and that the Attorney General's Office will be sharing with us their thoughts which will encompass all of these various perspectives.

LEANOhio

Ms. Reitz stated that she met with representatives of LEANOhio. She shared with the Board members that she had her introductory meeting wherein she was asked several questions about the Board and she provided them with the information they requested. She stated that LEANOhio will soon provide her with a proposal on how they believe they can best meet the Boards' needs in regards to helping our agency become more efficient and effective.

Ms. Reitz commented to Ms. Aquillo that her original contact had retired from LEANOhio and that his replacement will be retiring on April 1st. She stated that they would be assigning her another representative soon. Ms. Aquillo commented that she wished to be included on any subsequent meetings.

Treatment Center Approvals

Ms. Reitz stated that they had sent a letter to several treatment providers that are approved by the State Medical Board of Ohio and encouraging them to apply with the Dental Board to become an approved treatment provider for dentists and auxiliary. She distributed a copy of a list of treatment providers

(Appendix A) and informed the members that these providers applied and they offer the same criteria that we require such as a 28 day inpatient treatment, etc. She said that the invitation was sent in an effort to provide more options for our licensees who need help. Ms. Reitz stated that the applications that have been reviewed and they meet the requirements. She stated that she was requesting that the Board make a motion to approve these providers as they meet our requirements.

Motion by Ms. Johnston, second by Dr. McDonald to approve the treatment centers as listed.

Motion carried with Dr. Hanners absent.

President's Report

Committee Assignments

Dr. Shaffer began her report by stating that she had made the committee assignments. She stated that she made every effort to try to provide for individual Board members requests as much as possible. However, she stated that with only a limited amount of people allowed to be on each committee, sometimes she was not able to accommodate their requests and when she could not, she will reconsider the appointments as new Board member appointments are made.

Operations Committee

Dr. Shaffer stated that the newly created Operations Committee would be tasked with reviewing all the Board internal management systems such as that which the LEANOhio will be going to help with also. She stated that they would also be reviewing the Boards' Operations Manual. Dr. Shaffer informed the Board members that she wanted all of them to review the manual as it is very vague. She stated that she believes this Board can do better about knowing when they are supposed to do certain things like; ethics training, preparation of the Board budget, and performance review for the Executive Director.

Dr. Shaffer again commented that Ms. Clark was diligent and did a great job in her initial review of the manual. She stated that she had appointed Ms. Clark to the committee and she will have to work with whatever the committee comes up with, but she wants every Board member to be responsible to go through the manual. Dr. Shaffer instructed each Board member to e-mail any of their comments to her and to the chair to make sure that we start to develop a detailed manual with step by step instructions to getting everything done in a timely manner.

Ms. Reitz noted that the Board now has completed the internal Enforcement Manual which the members can use to in place of the enforcement sections of their Operations Manual, which should be removed.

Policy Committee

Dr. Shaffer informed the members of the Policy Committee that Ms. Franks would be e-mailing them a list of the Board policies under review for the May meeting. She stated that at Ms. Aquillo's suggestion, Ms. Franks has developed a schedule of review of the Board policies which coincides with rules review under the Law and Rules Review Committee schedule.

American Association of Dental Boards Meeting

Dr. Shaffer reminded the Board that the next meeting of the American Association of Dental Boards (AADB) meeting would be in April and that the Vice President of the Board, Ms. Clark has determined that she will be able to attend. Additionally, she stated that Ms. Johnston and Dr. Leffler have expressed an interest in attending the meeting. Dr. Shaffer stated that typically the Board President and Vice President attend as representatives of the Board and that there is also a position on the Testing Commission which Ohio is welcome to send someone to attend. She stated that makes four (4) members attending the meeting.

Ms. Reitz stated that the Board typically pays for the registration, flight, and hotel accommodation for Board Officers and registration fees for any Board members who want to attend, however they could discuss the matter of reimbursement issues and to inform her of their decisions via e-mails prior to the meeting in April.

Anything for the Good of the Board

Quality Intervention Program (QUIP) Panel

Ms. Reitz informed the Board that the selection of Panel members for the Quality Intervention Program (QUIP) had been tabled the previous meeting in order to allow the QUIP Coordinator, Dr. Hanners, additional time to review the submissions that the Board had received in response to the posting on the Boards website.

Dr. Hanners informed the members that a candidate for QUIP Panel member, Manish Chopra, D.D.S., had been chosen and approved by the Supervisory Investigative Panel.

Motion by Dr. Hanners, second by Dr. Das, to appoint Manish Chopra, D.D.S. as a member of the Quality Intervention Program (QUIP) Panel.

Motion carried unanimously.

Keith Kerns, Esq. – Appreciation

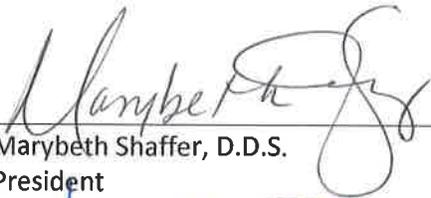

Dr. McDonald took a moment to thank you to Keith Kerns for serving the profession at the Ohio Dental Association (ODA), for serving this Board for many years, and helping him during his presidency on the Board especially during his first appointment. He then congratulated Mr. Kerns on his new position as Director of the Ohio Optometric Association. Board members thanked and congratulated Mr. Kerns and joined in a round of applause.

Adjourn

Motion by Ms. Aquillo, second by Dr. McDonald, to adjourn the meeting.

Motion carried unanimously.

Dr. Shaffer adjourned the meeting at 3:12 p.m. She reminded the Board members that their next meeting would be May 13, 2015.

Marybeth Shaffer, D.D.S.
President

Ashok Das, D.D.S.
Secretary
