Dr. Armstrong invited Ms. Reitz, Mr. Yonadi, Mr. Fulkerson, and Ms. Bockbrader to attend the executive session.

OPEN SESSION

The Board resumed open session at 1:46 p.m. Dr. Armstrong stated that he had previously approved the agenda for the afternoon as presented with the notation that the Chair may modify the agenda due to timing constraints or extenuating circumstances.

REVIEW OF THE MAY BOARD MEETING MINUTES

The Board reviewed the minutes of the May 27, 2009 Board meeting.

Motion by Dr. Kyger, second by Ms. Naber, to approve the May 27, 2009 Board meeting minutes as presented.

Motion carried unanimously.

ENFORCEMENT REPORT

PERSONAL APPEARANCE(S)

JOSEPH A. JEZ, D.D.S.

Ms. Noble introduced Joseph A. Jez, D.D.S. and informed the Board members that Dr. Jez was appearing before the Board after appearing at the May, 2009 meeting for non-compliance with the terms of his consent agreement. She stated that at the Board's request, the Board executive office has received documentation from Dr. Jez' psychologist regarding his care. Ms. Noble stated that Dr. Jez was appearing before them today to discuss any further concerns they may have with his treatment and recovery.

Upon questioning by the Board, Dr. Jez explained that his biggest problem with compliance is lack of transportation to his meetings. He stated that he had occupational privileges only with the DUI charges he had received in Florida on vacation in February, 2008. However, he stated that because he had been caught driving while under suspension, a violation of his probation, his license has been suspended. Dr. Jez stated that the meetings that he attends are thirty (30) miles away and he either rides his bike or takes a cab. He stated that he has an attorney in Florida working on his case as he does not know how long his license will be suspended.

Ms. Staley inquired as to whether this was Dr. Jez' second meeting with the Board. Ms. Noble explained that Dr. Jez had previously been reinstated by the Board and that this interview is as a result of his non-compliance with the terms of his probationary

terms. She stated that Dr. Jez is making an effort to attend the meetings however, he is still not compliant mostly due to his inability to drive himself. She stated that he is going to his Alcoholics Anonymous (AA) meetings and his aftercare, but is having difficulties attending his caduceus meetings.

Dr. Kaye inquired as to how many hours per week Dr. Jez was currently working, to which Dr. Jez stated that he is working forty (40) hours per week. He stated that his employer has worked with him to ensure that his hours do not conflict with his meetings. He stated that he has a private driver to ensure that he gets to work when he is supposed to however, he rides his bike to the three (3) AA and the aftercare meetings because they are local to him. Dr. Jez explained that the caduceus meetings are a bit farther away on the other side of town and he has some difficulty getting to those meetings. He stated that he relies on three (3) other people to provide rides to the caduceus and if they are not going then he has no way to get to those meetings.

Mr. Lawrence recommended that, in the future, Dr. Jez make every effort to inform the Board proactively when he is unable to attend meetings rather than reactively.

DENNIS A. MONROE, D.D.S.

Ms. Noble introduced Dr. Dennis Monroe to the Board and stated that he was appearing for his second interview with the Board. She stated that Dr. Monroe completed inpatient treatment at The Woods at Parkside and is doing Aftercare with Glenbeigh. She stated that he is providing random urine screens, he is still attending several meetings per week, and that Dr. Monroe seems to be doing well with his recovery.

Upon questioning by the Board, Dr. Monroe stated that he felt he was doing well and that AA was becoming a large part of his life. He stated that he had been attending meetings once a day and sometimes twice per day in his efforts to achieve his personal goal of ninety meetings in ninety days (90/90) as was also recommended by the treatment facility. He stated that going to the AA meetings has helped him to establish a connection with his higher power and he has never felt better or happier. Dr. Monroe stated that he also attends aftercare and caduceus meetings on a weekly basis. He informed the Board that the meetings are across town from him in Pepper Pike, which is a bit of a drive for him, and not at all close to Rocky River. He stated that the meeting is comprised of a large group of physicians, as well as dentists.

Dr. Armstrong inquired as to what Dr. Monroe was doing regarding his recovery other than attending meetings. Dr. Monroe stated that he has been getting his personal life and house in order which had previously been in chaos. He stated that his driving privileges should be restored this week which will help out with his having been

housebound in the recent past. He stated that his court appearances were completed, however, they had put in a request for driving privileges.

Dr. Kaye asked Dr. Monroe specifically about his personal goals to which Dr. Monroe stated that the most important goal was to become closer to his family. He stated that at the least he has been spending more time talking with his two (2) grown children, his son who is 25 and daughter who is 21 and soon to be 22. He stated also that he would like to become a better person as he had become a recluse. Dr. Monroe commented that he came out of treatment a much more open and honest person. He stated that he would like to become more active in the AA functions and also concentrate more on various aspects of dentistry, specifically implants and continuing his education.

Dr. Armstrong noted that there were no further questions from the Board and stated that they would be discussing this issue further in the Executive Session following Dr. Wright's interview with the Board.

MACK A. WRIGHT, D.D.S.

Ms. Noble introduced Dr. Mack Wright to the Board and stated that he is appearing before the Board for his second interview with the Board. She stated that he was here at the May, 2009 meeting and at that time, Dr. Wright was still in his Intensive Outpatient Program (IOP) at Parkside. Ms. Noble informed the Board that he was moved from IOP into Aftercare for his continuing care. She informed the Board that Parkside reported that Dr. Wright has made tremendous strides since his last visit with the Board. She stated that he is now more upfront and honest, talks more openly and now admits to his disease during his introduction, which are ALL things he would not do previously. Ms. Noble informed the Board that Dr. Wright's IOP counselor stated that his group has been very supportive, but yet "put it to him" when they were asked about his recovery progress. She stated that he feels that was a real eye opener to him, as he finally began opening up and has made increased progress since that happened. She concluded by stating that Dr. Wright has been attending more meetings and appears to be doing very well.

Upon questioning by the Board as to what has changed his attitude toward his recovery, Dr. Wright stated that it was difficult to put a hand on. He stated that he was attending the sessions and thought he was doing well, but he believes that everyone in recovery thinks that at one point or another. He stated that during the sessions he would mostly sit, listen and let everyone else talk. Dr. Wright stated that it really helped him in stepping outside his comfort zone by talking more about himself. He stated that also helped him out with his character defects. He stated that he is now in aftercare at the same facility with a different instructor but likes him just as well.

Dr. Kaye stated that during Dr. Wright's last visit with the Board he had been struggling with anxiety issues and then questioned how he was doing with those issues. Dr. Wright stated that he has always had anxiety issues and difficulties speaking in front of people. He stated that he feels that the only thing one can do is to face it. Dr. Wright stated that he had also been experiencing some anxiety about going back to work, but now that he has someone in his office working for him he does not feel the pressure of jumping right back into it. He stated that he just says a prayer, takes a deep breath, and realizes that everything will be all right and work out. He informed the Board that this has helped out in facing a lot of things in his life.

Mr. Lawrence noted that Dr. Wright has been attending more than the minimum required amount of meetings and asked how that was working out for him. Dr. Wright stated that it has been easy to do because he has not been working. He commented that he is fortunate in that he has been able to locate a lot of meetings close to where he lives. Dr. Wright commented that most people do not have the opportunity to attend an intensive IOP such as he had which comprised of three (3) hours three (3) times per week which is time intensive. He stated by not having to attend the IOP he actually has a lot more free time to attend extra meetings.

EXECUTIVE SESSION

Motion by Dr. Howard, second by Dr. Leffler to move the Board into executive session pursuant to Ohio Revised Code Section 121.22(G)(1) to consider the matters involving Dr. Monroe and Dr. Wright.

AD HOC BOARD OPERATIONS REPORT

Dr. Kaye reported that the Ad Hoc Board Operations Committee had met that morning and thanked everyone for their participation in the discussions. He stated that the group had discussed their concerns regarding pending legislation. He said that he would like for the Board to consider adopting the following suggestions from the committee.

Motion by Ms. Staley, second by Mr. Lawrence, to move that while the Board is an interested party in HB 190, the Board has a neutral position regarding the law as it is written presently.

Motion carried unanimously.

Motion by Dr. Kaye, second by Ms. Staley, that the Board adopt the document authored by the Boards' Ad Hoc Board Operations committee at its last meeting regarding license renewal process as the guideline for future legislation.

Discussion followed wherein Ms. Reitz explained that the document as drafted included a 90-day grace period after the December 31st deadline for renewal wherein only fines would be instituted in the amounts of \$500 for dentists and \$250 for dental hygienists and elimination of the "automatic suspension" language. Dr. Kaye clarified that these guidelines were established at the last meeting and would be used as guidelines or starting points for future consideration of legislation.

Motion carried unanimously.

Motion by Dr. Kaye, second by Dr. Leffler, to move that HB 215 as it is currently written will significantly and adversely affect the Boards ability to exercise its duties and to exercise its state regulatory abilities, and therefore the Board is not in support.

Discussion ensued wherein Dr. Armstrong clarified that this would establish the Boards position on the language as it is currently written.

Motion by Dr. Kyger to amend the motion to include that additional recommendations are forthcoming.

Motion on the amendment died for lack of second.

Dr. Armstrong called the question on the original motion before the Board.

Motion carried unanimously.

Motion by Dr. Kaye, second by Dr. Leffler, that the President of the Board assign a committee whose task is to research the potential issues which are raised by HB 215.

Motion carried unanimously.

Dr. Kaye concluded his report by thanking everyone again for their participation.

The report of the Board expenditures was reviewed.

Motion by Dr. Wallace, second by Mr. Lawrence, to approve the expense report and approve payment of the May and June, 2009 Board bills.

Motion carried.

EXECUTIVE DIRECTOR'S REPORT

BUDGET

Ms. Reitz informed the Board members that this would be the last time they would see a Board Expense Report until a budget has been approved. She stated that she had recently received an e-mail from the Central Services Agency (CSA) that only the Board's payroll was to be paid per the Office of Budget and Management (OBM). She stated that the Board is currently being denied the ability to pay vendors for services already provided and many vendors are unwilling to extend credit to the Boards and Agencies.

Ms. Reitz stated that at this time we do not know how the budget is going to look since a while back they had been requested to come up with a new budget which includes a reduction in the Board's operating budget by thirty percent (30%). She explained that would cut our \$600,000 operating budget by \$180,000. Ms. Reitz stated that the recommendations that she had proposed indicated that the Board would not be able to hold administrative hearings as we would not have sufficient funding to pay attorney hearing examiners, experts or court reporters. She indicated that administrative hearings would be significantly impacted in this respect.

Ms. Reitz also explained that the Board investigators would not be able to travel and have overnight stays as their travel expenses would be cut; that Board members would not be able to stay before the Board meeting and would be required to travel in to the meetings early on the day of the meetings.

Further, Ms. Reitz stated that we would not be able to pay the membership dues for the Board members for to the national organizations, American Association of Dental Examiners (AADE) and the American Association of Dental Administrators (AADA). She stated that she has the current bill for the memberships dues, however, she is unable to pay it and even if she could she has no idea what kind of money the Board has or how it will be permitted to be allocated. She stated that we would have to eliminate our

temporary position when we are already short by two (2) staff members. She stated that the Board would like to make some changes but we are unable to do so at this time. Ms. Reitz stated that she had painted the worst case scenario because she wanted the legislature to know that our budget should not be cut by the amount requested due to the negative impact, and further because the only money we spend is what we collect in fees.

Continuing on, Ms. Reitz stated that keeping budgetary issues in mind, the Board must make some decisions as to attendance to the AADA/AADE annual meeting in Honolulu, Hawaii. She stated that there was an article in the paper recently regarding an agency that sent fifteen (15) law enforcement officer to a meeting in Hawaii which was not received well. Ms. Reitz stated that she was having some difficulties trying to reconcile the budgetary limitations along with the possibility of defending spending a week in Honolulu for the national meetings. However, she clarified that she is the administrative member on AADE's Executive Council, the Chair of the AADE Attorney Roundtable, and the Immediate Past President of the AADA, and as such she is scheduled to present to both organizations.

Ms. Reitz stated that she has been discussing this issue with colleagues across the country and many of them are only allowing expenses for one (1) Board member and the Executive Director to attend the meetings. She stated that some states are not allowing anyone to travel at this time. Ms. Reitz further explained that she only receives \$31/per day for meals, the flight, the hotel and possibly the cab to and from the hotel and estimates that the expenses would not be more than \$2,000.

Ms. Staley questioned whether the AADA or AADE are not funding Ms. Reitz based on the responsibilities she has to them. Ms. Reitz explained that the AADE specifically provided that she is the first administrator to be included on their Executive Council and as such it is a non-voting, non-funded position. She stated that she was the President of the AADA at the time of this proposal and the floor of the AADE accepted it but with the stipulations of non-voting and non-funding. Ms. Reitz stated that at that time it was not an issue because there were not these budgetary constraints.

Dr. Kyger informed the Board that she had read the full news article which was published in the Columbus Dispatch to which Ms. Reitz had referenced earlier. She stated that the article was very critical of Boards and Commissions and addressed people going to meetings in extravagant locations and spending extravagantly by staying in luxury hotels. She stated that with the climate as it is today she would not be able to support such an expense even given Ms. Reitz's obligations. Dr. Kyger stated that the public climate is very prohibitory right now and this would reflect badly on the Board. Ms. Naber added that the Governor has issued a directive stating that there is to be no unnecessary travel. Ms. Reitz responded that she was aware of the Governor's directive, however, she stated that the Board has always held the position that these meetings are a

necessary part of our job. She stated that it is fine if she does not attend at this time but that they will be missing out on a lot from this particular meeting. She stated that if the Board would rather she not attend due to budgetary constraints then that is fine, but to indicate in any way that these meetings are unnecessary would be a mistake.

Dr. Armstrong pointed out that we are one of the few Boards that operate on zero tax dollars. He explained that Boards entire \$1.5 million dollar budget comes from fees from licensees. He stated that we are funding ourselves and being asked to cut our budget by 30% and queried where that money would be going. Dr. Armstrong stated that the extra \$300,000 is being taken to pay for those expenses that taxpayer money is unable to cover.

Dr. Hanners indicated that, most important, the issue of pursuing one national clinical licensure examination will be the primary goal at the AADE meeting and this is a priority for Ohio, therefore, he believes Ms. Reitz's attendance is important.

Mr. Lawrence questioned whether the Governor has eliminated all out-of-state travel as of yet and who would the Board normally send to attend this meeting. Ms. Reitz explained that in the past the Board has paid for the Executive Director and any Board officers to attend the meetings. Additionally, she stated that they have paid the registration for any other Board members who wished to attend. She reiterated that this is the Boards' decision to make as to whether she or any of the Board officers attends the meeting. She said there is no Executive Order prohibiting out-of-state travel. Dr. Armstrong pointed out that while he would be attending the meeting, he would not be seeking reimbursement for any expenses incurred as President of the Board.

Motion by Dr. Kaye, second by Mr. Lawrence to fund only the Executive Directors' attendance to the American Association of Dental Examiners and American Association of Dental Administrators meeting in Honolulu, Hawaii and to not fund any expenses of Board Officers or registration fees for any Board members wishing to attend the meeting this year.

Discussion ensued wherein Dr. Armstrong commented further on Dr. Hanners comments regarding the fact that dentistry is one of the only healthcare professions that does not have a national licensing examination to allow freedom of movement between states. He stated that he felt that dentistry should have the freedom of movement that a national examination would allow. He said that the national meetings are the area wherein you make that impact towards national licensure examination.

Ms. Staley inquired as to who the Board funded to attend the meetings in the most recent past. Ms. Reitz explained that the Board would typically offer to fund the two (2) officers; President and Secretary. However, she clarified that rarely did former Board

officers seek reimbursement of their expenses. Dr. Armstrong noted that he had never sought reimbursement during his terms as an officer of the Board.

Dr. Armstrong called the question.

Motion carried with two (2) opposed. Dr. Leffler, Ms. Staley, Dr. Wynn, Mr. Lawrence, Dr. Howard, Dr. Wallace, Dr. Hanners, Dr. Desai, Dr. Kaye, and Dr. Armstrong were in support of the motion. Dr. Kyger and Ms. Naber were opposed. Mr. Jones was absent.

Mr. Lawrence left the meeting.

CORRESPONDENCE

CONSULTANT EXAMINER FOR THE NORTH EAST REGIONAL BOARD OF EXAMINERS, INC.

Ms. Reitz indicated that the Board executive office has received documentation from Stuart B. Sears, D.D.S. for consideration as a North East Regional Board, Inc. (NERB) Consultant Examiner. She stated that she had forwarded the Boards policy regarding consultant examiners and Dr. Sears curriculum vitae prior to the meeting for their review. Dr. Armstrong clarified that all NERB examiners are required to obtain recommendations from the Board prior to NERB consideration.

Motion by Dr. Howard, second by Dr. Desai, that Stuart B. Sears, D.D.S.. be recommended as a consultant examiner to NERB.

Motion carried unanimously.

ANYTHING FOR THE GOOD OF THE BOARD

HB 190 – AMENDMENT

Dr. Armstrong stated that he had received a request from the Ohio Dental Hygiene Association (ODHA) to present to the Board regarding an amendment to HB 190. He then turned the floor over to Denise Bowers, R.D.H., and a past-President of the ODHA.

Ms. Bowers introduced herself to the Board and stated that the ODHA was asking for the Board's support for an amendment to HB 190 regarding reciprocity for dental hygienists for local anesthesia. She stated that the ODHA has provided copies of a proposed amendment, drafted by the ADHA Governmental Affairs Division, and as such parallels the Virginia statutory language already in existence dealing with reciprocity.

She stated that the primary reason for wanting this amendment is to enhance the portability of dental hygienists moving into Ohio from states where they are already qualified to provide local anesthesia.

Ms. Naber stated that she thought it was important that the Board represent a consensus on this issue. She stated that the Board has been dealing for the past 18 months with the rule that dental hygienists who have been providing this for 20 years or more are being required to take the coursework over due to not having taken the NERB exam for Local Anesthesia for the Dental Hygienist within the timeframe allowed by law.

Motion by Ms. Naber, second by Dr. Kaye, that the Board accept and support the concept of credentialing any dental hygienists who are licensed/certified to provide local anesthesia in another state who in turn become licensed in Ohio be permitted to provide local anesthesia in Ohio.

Discussion followed wherein Dr. Wynn commented that different states have different laws associated with local anesthesia. She stated that some states only allow the dental hygienists to perform infiltration anesthesia and do not permit them to perform block anesthesia. She stated that she is unaware of how the Board would mandate reciprocity to those dental hygienists who have not been trained or permitted to perform block anesthesia and then would be giving them permission to perform those functions which they have no experience or training.

Ms. Staley provided that there are only 3 states that allow only infiltration local anesthesia of the total 41 which permit dental hygienists to perform local anesthesia. She stated that this is only a draft and that possibly this language could be tweaked to take this into consideration, specifically to include minimum coursework instruction. She then reiterated that the motion only asked for support of the “concept” of reciprocity and that the final draft could include language to address these concerns.

Motion carried unanimously.

Ms. Staley asked that Ms. Reitz send a letter to the Ohio Dental Association informing them of the Board’s support of this amendment.

HB 215

Dr. Armstrong indicated that while HB 215 was on the agenda, several of the Board members had previously discussed the issues regarding this bill and that they would not be further discussed at this time. He did request that those Board members who were interested in assisting with a sub-committee to research the potential issues raised by HB 215, to let him know for consideration of appointment to the sub-committee. He stated

that the sub-committee would be reporting to the full Board at its next meeting in August.

Dr. Leffler commented that he felt the discussions earlier in the morning helped to clear the air and dispel any myths and/or rumors that have been floating around. He stated that it was good that everyone had the opportunity to voice their opinions on this issue.

NEW BOARD MEMBER ROSTER AND COMMITTEE ASSIGNMENTS

Ms. Reitz distributed copies of the current Board member contact information. She requested that all the members take a look at it to ensure that it is correct before final copies are made for distribution to fellow Board members and staff.

Dr. Armstrong stated that he has done a reshuffling of the Boards' committee assignments and that copies would be distributed to the members.

ADEX

Dr. Armstrong gave a brief overview of information that had been provided to him by ADEX regarding the national licensure examination. He stated that they had just completed their fourth full year of providing the licensure examinations for dental and dental hygiene. He stated that sixty-five percent (65%) of ADA-accredited dental and dental hygiene programs have completed the same licensure examination. Dr. Armstrong stated that they reported that there are 27 states that are members of the examining board with 40 states now accepting the ADLEX initial examination for licensure. He stated that it is now getting that much closer to a national licensure examination.

BOARD MEETING CALENDAR

Dr. Kaye requested that the Board reconsider the date of the August Board meeting due to conflicts in scheduling with the Ohio Dental Association's Annual Meeting and repeated travel for the Board members during the week in order to attend both meetings in representing the Board.

Discussion ensued wherein it was determined to change the August Board meeting to the afternoon of Friday, August 28, 2009 with the start time to be determined.

EXECUTIVE SESSION

Motion by Dr. Howard, second by Dr. Wallace, to move the Board into executive session pursuant to Ohio Revised Code Section 121.22(G)(3) to confer with counsel on matters that are the subject of pending or imminent court action.

Roll call vote: Dr. Armstrong – Yes
Dr. Desai – Yes
Dr. Hanners – Yes
Dr. Howard – Yes
Dr. Kaye – Yes
Dr. Kyger - Yes
Mr. Lawrence – Absent
Dr. Leffler – Yes
Ms. Naber - Yes
Ms. Staley - Yes
Dr. Wallace – Yes
Dr. Wynn - Yes

Motion carried unanimously.

Dr. Armstrong invited Ms. Reitz, Mr. Fulkerson, and Ms. Bockbrader to attend the executive session. At some point during the executive session, Ms. Reitz and Mr. Fulkerson left and Ms. Bockbrader remained for the duration of the session.

OPEN SESSION

The Board resumed open session. Dr. Armstrong appointed the following members to the HB 215 Sub-committee to research issues and report back to the Board in August:

Ann Naber, R.D.H., Chair
William Leffler, D.D.S.
Billie Sue Kyger, D.D.S.

Berta Howard, D.D.S.
Lawrence Kaye, D.D.S.
James Lawrence

ADJOURN

Dr. Armstrong adjourned the meeting at 4:56 p.m. He stated that the next meeting would be on August 28, 2009 with the time to be determined.

Mark T. Armstrong, D.D.S.

President

Berta I. Howard, D.D.S.
Secretary
