Enforcement Update

Deputy Director Russell provided the Enforcement Update by informing the Board that there were seven (7) cases pending hearing, two (2) of which were held recently. He stated that there was one (1) case pending the Hearing Examiners Report and Recommendation which was recently received and would be presented to the Board at their next meeting in September. There are ten (10) licensees and certificate holders under current suspension, thirty-six (36) licensees and certificate holders with older suspensions, and currently the Board has two-hundred and twenty (220) active cases. Deputy Director Russell said that there was one (1) referral to QUIP. He informed the members that twenty-four (24) cases have been reviewed by the Board Secretaries and are recommending they be closed at this time with no warning letters having been issued. He noted that there are twenty-four (24) licensees currently on probation.

Deputy Director Russell indicated to the Board members the detail of one hundred and sixty-five (165) cases being investigated by the Board that are over 90 days old by type and by age.

Due to the requirement in Chapter 4715.03(B) of the Ohio Revised Code, that "A concurrence of a majority of the members of the board shall be required to... ..(6) Dismiss any complaint filed with the board.", Deputy Director Russell reviewed the cases to be closed with the Board.

Executive Updates

President's Update

President Subramanian stated he wished to thank all the Board members personally for all the suggestions they continue to provide in order to facilitate the continued smooth functioning of the Board during these trying times. The COVID-19 pandemic continues unabated with new hot spots arising daily. There continue to be conflicting reports with the only constant about the COVID-19 pandemic is the constant change and new knowledge regarding the disease. The morbidity and mortality of the pandemic has far exceeded the usual statistics seen with viruses of the past. As testing becomes more widespread and more people moving around, the number of cases will increase within patient communities. President Subramanian said that our duty as responsible healthcare

providers is to sift through scientific data and provide information to our patients and the community to help them keep safe. He stated that sometimes the mandates and rules may cause inconveniences to individuals. However, the greater good of the community cannot be ignored.

President Subramanian stated that one other matter that is of concern is the issue of racial inequality and racism. As Board members entrusted with the power to protect the citizens of the State, he said that we should not forget to treat every individual with respect and dignity without regard to color or race.

Continuing on, President Subramanian stated that the pandemic has created untold difficulties for the graduating class of dentists, dental hygienists, and dental auxiliary personnel. He wished to thank his fellow Board members for acting quickly in approving the mannikin-based examination as a temporary route to licensure for these students. He restated that their vote was to approve these exams and accept them until the end of 2020. With that in mind, he stated that he wanted to inform the Board that he is in the process of creating a committee to look into the non-patient exams in order that the Board can make informed decisions for the future.

President Subramanian congratulated Dr. Timothy Kyger on his reappointment to the Board and thanked him for continuing to be the Board Secretary and a member of the Supervisory Investigative Panel (SIP).

President Subramanian recognized and thanked the Board staff as they have continued to perform their service to the Board from their homes. He stated that many staff have been inundated with calls, which in many instances are fielding a number of angry and rude individuals, but all staff have acted in a professional manner and managed to guide the callers to the rightful solution.

President Subramanian turned the meeting over to Director Kamdar for the Executive Director's Update.

Executive Director's Update

Continuance of Virtual Meeting Due to COVID-19 Pandemic

Director Kamdar thanked everyone for joining the meeting using this platform during these unusual times. He stated that we have to resort to creative solutions such as holding the meeting virtually. Some have asked when we are going to again have meetings in person. Director Kamdar stated that the issue with meeting in person is that it depends on the number of COVID cases and since we are experiencing a second surge, we will continue to maintain a high level of cautiousness and be extremely careful before we decide to meet in-person. He stated that we would not want to compromise anyone's health, and at the same time we also do not want to contribute to spread of this virus through community spread. In terms of the meeting rooms, Director Kamdar stated that it takes a lot of money, effort, and time to get them sanitized every time we have meetings and also ensuring that we are taking temperatures of all visitors and Board members. He stated that this all comes at a time when we are faced with drastically reduced revenues for the State of Ohio. Therefore, we are trying to find ways to cut costs but still maintain the operations of our State and these creative solutions such as utilizing and leveraging technology will continue for a while.

Director Kamdar informed the Board members that we will also have to resume committee meetings sooner rather than later using the same type of platform starting in the morning with committee meetings.

Budget

Director Kamdar stated that we are in the process of preparing our biennial budget request for the fiscal years 2022 and 2023. This is a routine budget request that we prepare every two years that goes to the State Office of Budget and Management (OBM). He explained that OBM reviews the Board's request, they have discussions and then it is submitted to the Governor's Office where all agencies, boards, and commissions await the unveiling of

the official Executive Budget sometime in late January or early February 2021. Then the process of budget hearings begins in the state legislature; first in the House of Representatives and then the Senate.

Director Kamdar recognized Shannon Stimer, the Board's new Fiscal Officer, for her assistance in preparing the budget. He stated that they will be meeting with Ms. Stimer later in the day to continue working on the budget request. Director Kamdar stated that as they work on putting the budget together he wanted the Board members to know that they will be thinking broadly, widely, and creatively on ways to cut costs in order to live within our means, especially in light of the dwindling revenue of the state of Ohio. He stated that while this is not new for the Board and that he has already mentioned reduced salaries for some of the staff, the Board cannot continue to operate as we have in the past and we need to look to new solutions to reduce our overhead as it is the responsible thing to do.

Director Kamdar then turned the meeting back over to President Subramanian.

Anything for the Good of the Board

2021 Board Meeting Schedule

President Subramanian stated that he wanted all the Board members to take a look at the 2021 tentative board meeting dates. He asked them to give it some thought and provide their feedback by the second week of September to Director Kamdar. He stated that the idea is to have a quorum present for the Board meetings, but it would be better to also have all of the Board members in attendance. He commented that if there are multiple conflicts for several people then they will look into possible other dates for the meetings. He said that Director Kamdar would be sending an email out with the tentative dates for the members to review and respond.

President Subramanian inquired if any of the Board members had any items to discuss with the Board.

Ms. Scaramucci stated that she is continually being asked about the possibility of a provisional license being issued to this year's graduates in view of the COVID-19 pandemic. She indicated that the Board voted on seeking permission for a potential Executive Order from the Governor's office and was wondering if there was anything new to report.

President Subramanian stated that at this point there was nothing new to report. However, he stated that if she still had questions then she should contact Director Kamdar or himself.

Adjourn

President Subramanian asked if there was any additional information or questions of the Board. Noting that there were no other comments, he adjourned the meeting at 11:32 a.m.
